

Join us! STEM Education Ph.D. Open House

Thursdays, October 23rd 5:30-6:30 PM and November 13th 6:30-7:30 PM on Zoom (RSVP for invite link : <https://forms.gle/EmJkaCvZr9gfYEps5>)

Now accepting applications for Fall 2026

The STEM Education Ph.D. provides resources and preparation for those interested in:

- university STEM education or teacher education
- university research or policy specialties
- supervision in K-12 school systems; and/or,
- classroom teacher leadership of STEM education

Engage in STEM education courses, research experiences, and present at local and national STEM education events! Gain access to the latest STEM education research areas to lead innovation through scholarly work. This program is open to part-time students from the Long Island region, who should complete the program in approximately four to six years.
